

What a great summer season we've had at Crystal Lake! We are so fortunate to be able to share all of this on our Crystal CLCA group Facebook site! There has been so much happening: Canada Day flotilla event, Phil the Tortoise, empty beer bottle drive, lots of great photos, sharing of stories, history and Haunt the Dock!

As a friendly reminder, this site was created and is administered by the Crystal Lake Community Association (CLCA). As always, kindness, respect and courtesy are very important to our community spirit and we do not support divisive posts/comments. The CLCA Executive and Board are hard-working and dedicated volunteers; focused on a welcoming and supportive atmosphere for all. As an incorporated, not for profit organization, we have an obligation to all our FB members and as such we require members also follow these same guiding principles and overall spirit of community. Although we encourage ideas and sharing of information - posts and comments that create a negative or harmful vibe will be removed. A summary of the group rules that come along with the responsibility and privilege of being a member of this page are listed below.

1. Be kind and courteous; no bullying, no personal or discriminative comments or references.
2. This Facebook site is not intended for personal complaints, attacks or threats or identifying individuals.
3. Please reach out to the CLCA Executives at crystallakecommunityassoc@gmail.com if you have specific questions/concerns.
4. Periodically, to ensure compliance with the above rules, The Admin(s) of the site may need to delete messages, restrict comments or any other actions deemed necessary. The CLCA Exec/Board fully support these rules and the Admin's actions.
5. A gentle reminder that only businesses that pay for advertising on the CLCA website, are able to post on this page. We encourage use of the Crystal Lake Buy and Sell FB page.
6. Any threatening or inappropriate messages sent to CLCA Executive/Board or a member, will not be tolerated.
